

**MID LANCS**  
BMX CLUB

## Cookies Policy

What are Cookies? We're not talking about the cookie that you eat (unfortunately). Cookies are text files containing small amounts of information which allow our site to recognise your device and are downloaded to your device when you visit a website, if you agree to the site doing so. Cookies are then sent back to the website on each subsequent visit, or to another website that recognises that cookie. Cookies are useful because they allow a website to recognise a user's device and are widely used in order to either make websites, work more efficiently, let you navigate between pages, remember your preferences, and generally improve your user experience. They can also help to ensure that adverts you see online are more relevant to you and your interests. Our site uses cookies to distinguish you from other users of Mid Lancs BMX. This helps us to provide you with a better experience when you browse our website and make improvements. Some of the cookies we use are "analytical" cookies. They allow us to recognise and count the number of visitors and to see how visitors move around the site when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily. Cookies do not contain confidential information such as your home address, telephone number or credit card details. We do not exchange cookies with any third party websites.

**Cookies We Use** We use the following cookies: **Strictly Necessary Cookies** - These cookies enable services you have specifically asked for. These cookies are essential in order to enable you to move around the website and use its features, such as accessing secure areas. Without using these cookies, services you have asked for such as shopping baskets cannot be provided. **Functionality Cookies** – These cookies remember choices you make to improve your experience. These cookies are used to recognise you when you return to our website. They allow the website to remember choices you make (such as your user name, language or the region you are in) and provide enhanced, more personal features such as greeting you by name. They can also be used to remember changes you have made to text size, fonts and other parts of our website that you can customise.

They may also be used to provide services you have asked us for, such as watching a video or commenting on a blog. The information these cookies collect may be anonymous and they cannot track your browsing activity on other websites. Change Browser Settings - If you don't change your browser settings and continue to use our website, we will assume that you consent to us continuing to download cookies onto your device. Whether or not you allow us to download cookies is up to you, but if you choose to disable cookies by changing your browser settings, our website and its features may not necessarily work in the same way or produce the same personalised experience. If you delete all of your cookies, you will have to update your preferences with us again. If you use a different device, computer profile or browser you will have to tell us your preferences again.
