

**MID LINC'S**  
BMX CLUB

## New Rider Information

*Welcome to your first race. Check the moto sheets and make sure your name is on it and you are in the correct age group.*

*(Depending on numbers we will sometimes put more than one age group together).*

*Check the number plate on the moto sheet is the same as the number on your bike.*

*Any problems report to the ladies on registration immediately.*

*The moto sheet will have a race number on the top. This is the pen number you need to go into. Make sure you are in the pens in plenty of time. It is your responsibility to be in the correct pen as we cannot hold racing up. When in the pens you will be called up to the start gate when it is your turn and you will be told the gate number you are to go in.*

*Once you have finished your race, have a drink and return to the pens for your next race.*

*We usually do 3 moto's and then have a very short 5 – 10 min break before starting the finals.*

*If you have any questions please ask one of the officials who will be more than happy to give you advise.*

*If a rider is unable to race in a moto please advise the person doing call up so they are not holding races up whist we try to find people.*

***Most importantly – Enjoy your first race!!***
